- | | |
|-----------------|------------------|
| • 3181 East Ave | Material Storage |
|-----------------|------------------|

Miscellaneous

- I met with the owners of 3221 Iroquois who now in compliance. I will continue to monitor and contact them as needed.
- 3279 Clover St. continues to make progress. Lawn is much better and they are slowly clearing junk from the driveway with roadside trash through Scofield
- I have been working with John Kent to make a plan for him to repair 3242 Philmore Ave. after the fire. I provided a itemized list of jobs to complete. I am trying to prioritize getting the storage pod removed from the road before plowing season.

Additional Notes

There are multiple interested parties in the church that is for sale on Main Street ,
Many people are asking about converting it to a two-family residence. This is currently not allowed in R-2.
